Dear Community Member,

Hillcrest Primary School is a local government school in Bayswater. We are a school that encourages change while supporting sustainable initiatives in an effort to educate the students on the benefits of community. As a local parent group, the P&C Association supports the school by raising funds for projects that support the students and school vision. We have assisted in classroom based items, technological developments, school beautification and sustainable items including solar panels.

The Hillcrest P&C Association is hosting a Quiz Night on Saturday 26th November 2016 to raise funds for our school. All monies raised from this event are used to improve the facilities and learning environment at Hillcrest.

Making a donation to this great cause is easy! If you have a business that can donate goods or services, or if you have vouchers or tickets you can donate, all will be gratefully accepted. We also offer the chance to sponsor individual tables that you can decorate with your business’ promotional items ie ballons, flyers and stationery for $200 a table. Any business who donates either goods or services will be promoted on the night. What an excellent and selfless way to have the local Hillcrest Community become aware of the services your business has to offer. If you would like further information, please feel free to contact me.

If you are willing to assist us with a donation we would greatly appreciate it.

Thank you for your generosity.

Greg Plumb,
P&C President, Hillcrest PS
